- **Ask people who will write good letters to be your references.** Ask early enough to give them time to write strong letters of recommendation.
- **Read and reread the questions asked so that you understand what is being asked.**
- **Make sure that you answer the application question asked,** rather than submit a personal essay.
- **Reflect on the questions.** Think about your experiences, accomplishments, challenges, how you have grown, successes, and what you are good at. You should also think about what you are going to study and how getting this award will help you achieve your goals.
- **Even if you have someone helping you, you should carefully review your own application.** Make sure that you edit your answers so that they are clear and don't have any mistakes. Be sure to check that you have all of the documents needed for your application.
