Application Tips

You should:

- **Begin your application as soon as possible.** Don't wait until the last minute in case you have problems getting all of the documents or have computer problems.

- **Ask for help** so that someone else can help you review and proofread your application. They can ensure that you have all of the needed documents and read over your answers.
- **Ask people who will write good letters to be your references.** Ask them early enough to give them time to write strong letters of recommendation.

Read and reread the questions asked so that you understand what is being asked.

- **Ensure that you answer the questions that are asked,** rather than submit a personal essay.
- **Reflect on the questions.** Think about your experiences, accomplishments and challenges, how you have grown, successes, and what you are good at. You should also think about what you are going to study and how getting this award would help you achieve your goals.
- **Carefully review your own application.** Ensure that you edit your answers so that they are clear and don't have any mistakes. Be sure to check that you have all of the documents needed for your application.
