

Short Guide to the Teacher Education Scholarship

Ministry of Education

About

This guide was developed to help you apply for the Teacher Education Scholarship.

Bermuda's public education is currently being reformed, "to provide the people of Bermuda with an education system that they can trust and believe in, and that enables students to achieve great learning and life outcomes."¹

Therefore, the Ministry of Education, in conjunction with the Department of Education and the Education Reform Unit, are seeking talented, passionate and committed persons who aspire not only to teach, but to help improve achievement for young people. You can learn more about education reform at: <https://www.learningfirstbda.com/about-education-reform>.

This award provides funding to persons on track to achieve teaching certification in subject areas of need in Bermuda Public Schools. Successful recipients are required to teach in Bermuda Public Schools for the same period of time as their scholarship. For example, a 2-year scholarship would require you to teach in Bermuda Public Schools for 2 years.

Recipients of this scholarship must complete their studies and become qualified to teach and be prepared to start employment in Bermuda Public Schools within 3 years of the scholarship award. This includes the successful completion of a practicum and registration with the Bermuda Educators Council.
